

NEBRASKA NATIONAL GUARD

Eoster Shows Reorganized First Stronger Than Senior Second.

IRRIGATION INVOLVED IN A LAWSUIT

Crawford Company Insists It Must Tap White River Above Fort Robinson—Hill Owners Claim Exclusive Rights.

LINCOLN, April 23.—(Special.)—A roster of the Nebraska National guard, issued today by Adjutant General Killian, contains the interesting information that in aggregate strength the reorganized first regiment outranks the senior second. The difference is small—amounting to just an even half dozen men—but it is nevertheless large enough to entitle the battle-scarred regiment to a place a little ahead of the older organization. The second regiment has a total membership of 662, while that of the first is 611. The troop of cavalry numbers forty-four men and the battery fifty-two, making a total militia strength of 1,314 men.

The roster also shows the relative rank of all the officers of the guard. Brigadier General Barry is the first man on the list and Adjutant General Killian, who also holds the title of brigadier general, is second. The order of seniority of the other officers is as follows:

Colonels—Hayward, Archer, Lieutenant Colonel—Tracy, the lieutenant colonel of the first regiment being vacant. Majors—McDonnell, Streight, Moore, Vickers, Richards, Giffen.

Captains—Murdock, Hodkins, McCarthy, Gereke, Wiley, Hartigan, Gray, Jennings, Phelps, Gagner, Andrews, Hull, Mack, Lyon, Stockham, Bennett, Talbot, McGintie, Gian, Stoner, Avey, Bolshaw, Hannes, Hockenberger, Paul, Augustus, Brown, Simeonides, Talbot, Trefz, Quin, Gascoigne.

First Lieutenants—McKinney, Murdock, Osborne, Jensen, Clapp, Hendy, Barnes, Rollins, Stroud, Roddy, Price, Davis, Grimm, Peck, Henderson, Penrod, Ziegler, Kennedy, Ringer, Ziegler, Knapp, Schaefer, Chenoweth, Wilhelmson, Worthen, Patch, Leach, McLaughlin, Jones, Fetterman.

Second Lieutenants—Garos, Yoder, Purvis, Doten, Wilhelm, Ashton, Dech, Ludgren, Linstrom, Linton, Filger, Holmes, Sabins, Stires, Gross, Ludwig, Harris, Bodner, Phillips, Henney, Kenoyer, Crowe, Barber, Clineburg, Tiley, West, Rannie.

Law of Riparian Rights.

The Crawford company litigation from Daves county, involving the law of riparian rights, is again before the supreme court on a motion for a rehearing. Two decisions adverse to the Crawford company have been given by the court, hence in order to stand, will seriously injure irrigation interests in Nebraska.

The case is being fought for the Crawford company by Judge Hamer of Kearney. In beginning his brief he thanks the court for the courteous and able assistance of the attorneys who have given him his opportunity to be heard. He says that he has given his best efforts, and continues:

"We do not know how to make a statement of this kind without making it in plain and direct language, and at the same time we desire to say that we have no intention to put anything offensively. It is so very hard to put in writing a criticism without exciting antagonism. Judges may be quite as sensitive as lawyers and their power to express resentment is much increased by reason of their authority to embody their disapprobation in their judgments. No one can afford to quarrel with this court, and least of all do we desire to do so, but we desire to express a most emphatic disapproval of the opinion of the chief justice. We think that they violate every principle of equity jurisdiction and that they are wholly without precedent and most disastrous and far-reaching in their effects."

The brief asserts that the only adequate source of water supply for the citizens of Crawford is the White river, and that water must be taken from this river above Fort Robinson to avoid contamination of the springs from the fort. The only source of water supply for the fort is the White river and a canal to it has been completed in accordance with a license issued by the secretary of war. On the bank of the river, below the fort and below the city of Crawford, two mills were constructed and were the property of Leroy Hill and Mr. Seelye, defendants in the court where the case was first tried.

The mill owners claim that they were entitled to the exclusive use of the water flowing in the river. Other persons put in similar claims and for the purpose of having the matter adjudicated and quieting its title to the use of the water began legal proceedings in the district court of Daves county. Since the litigation began Seelye has removed his mill from the bank of the river and is no longer a party in the case.

STOMACHS THAT WON'T WORK.
That Retains the Food and Refuse to Digest It, Makes the Head Heavy and the Stomach Sick. Need Stuart's Dyspepsia Tablets.

There is a cure for dyspepsia. Sufferers who have tried noxious nostrums will probably be skeptical but skepticism vanishes when Stuart's Dyspepsia Tablets are tried. Whether the trouble is dyspepsia, indigestion, or merely a simple case of indigestion, relief is prompt and pronounced. The less the trouble the fewer tablets need be taken.

Heaviness after eating, sour stomach, as indicated by belching, fatigue with slight exertion, or with no exertion at all, disturbed sleep, nervousness, constipation, depression, "blues," these things can commonly be set down as symptoms of dyspepsia. An dyspepsia is merely indigestion in an aggravated form.

By promoting perfect digestion, Stuart's Dyspepsia Tablets produce strong nerves, restful, refreshing sleep, pure blood and good sound healthy flesh. They make the skin clear, the eyes bright, the mind cheerful.

Stuart's Dyspepsia Tablets are a medicine and more than a medicine. They digest the food and make it easy of assimilation, and they relieve the inflamed, diseased condition of the mucous membranes lining the glands of the stomach and bowels. They help the digestive organs over the hard places, and put them into healthy, active condition. They effect a quick and permanent cure. You don't only continue taking them, you don't stop until it is well to have a box handy and take one at the first return of the trouble.

Perfectly well people are made sick by eating too much, or unwholesome food, but not if they take a tablet after eating. Treatment with Stuart's Dyspepsia Tablets does not necessitate dieting or any change of habits. They digest the proper food and act upon the other kind in such a way as to make it pass off quickly and harmlessly. You may eat and drink what you like, when you like, and as much as you like if you take a tablet afterwards.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cents for full size package. Sent to F. A. Stuart, Co., Marketing, Mich., for little book on stomach diseases, mailed free.

CHIEF OF POLICE A SUICIDE

Harry Rice of North Platte Found Dead in Cemetery.

TAKES POISON NEAR WIFE'S GRAVE

Tells Friends He is Tired of Life, Leaves His Will with One of Them, Seeks Solitude and Takes Poison.

NORTH PLATTE, Neb., April 23.—(Special Telegram.)—Harry Rice, chief of police, was found dead at the cemetery today. As he did not come down town as usual today, his friends were uneasy and as the hours passed and he did not put in an appearance, this uneasiness gave way to alarm. Search was instituted for him, several parties hunting in every direction, but without success. The sheriff was notified of his disappearance and he was asked to make a search. People were found who had talked with Rice early in the morning and they reported that he had told them he did not want to live any longer, and even showed them a will supposed to have been a package of poison, which he said would do the business. He also handed to one of them a document, which purported to be his will and asked him to take charge of it till needed. Acting on this information, the sheriff with other parties instituted a thorough search, with the result that he was found in the cemetery, a short distance from his wife's grave, between 12 and 1 o'clock.

The supposition is that some time during the forenoon he wandered out to the cemetery, sat down near his wife's last resting place, and took the poison, with which he had provided himself.

When found he was lying on his back, his vest partly unbuttoned, his eyes and ears being considerably discolored. He had evidently made an attempt to reach the pump to get a drink of water, for he had dragged himself about sixty feet in that direction.

About 12 o'clock Enoch Cummings and a man named Johnson, were passing through the cemetery, saw him sitting on his wife's grave and conversed with him. They observed that something was wrong, spoke to him about it and asked him if he wanted water. He replied that he had brought a little water later. The probability is that when seen by these men he had already taken the poison, and that the twitching of the muscles, which they observed was caused by the poison already acting on the system.

Rice was both marshal and president of the Board of Education. He was an old-time railroad man, 50 years old, and had held positions of trust with the Union Pacific company. He had been drinking hard recently.

GATHERING OF THE RED MEN

Sioux Warriors and Chiefs Assemble at Rushville to Leave for Buffalo.

RUSHVILLE, Neb., April 23.—(Special.)—Rushville has been given over to the red men the last three days, the population being increased by 1,000 with representatives of the Sioux tribes. The assembling here prior to the departure of 162, in charge of Gains of the Indian Congress and Village company, to the Buffalo exposition. The prairies north of town are literally dotted with teepees and tents.

Yesterday afternoon the warriors organized a parade and 300 of them marched down Main street, in war paint, feathers and fantastic costumes. One-third of them were on horseback and they marched in platoons, with squares afoot, slinging their war songs. After the parade they returned to the center of Main street they formed a hollow square, when Mr. Gains and J. T. Asay, the local agent, inspected them and commended their appearance.

Among the most prominent to go with this contingent are: Jack Red Cloud, Little Wounds, American Hero, Short Bull, Jr., Short Eyes, Spotted Crow, Little Chief, Spotted Eagle, Chief Eagle, Spotted Elk and No Water, all chiefs and men of distinction among the Sioux. The parade came here at 5 p. m. today on a special train.

Indians En Route to Buffalo.

BLAIR, Neb., April 23.—(Special Telegram.)—A party of twenty-one Sioux Indians and a dozen Indian children came in on the train from the north tonight in charge of Judge L. L. Stuart, United States commissioner at Fender, and Deputy United States Marshal James Allan of Omaha. They are from the Omaha and Winnebago reservation and will go east tomorrow morning on a special train five coaches, loaded with Indian goods, including two carloads of ponies are attached to the train and the entire party are enroute to the Buffalo exposition.

Sioux Delegation a Full One.

RUSHVILLE, Neb., April 23.—(Special Telegram.)—This evening at 6 o'clock between 160 and 200 Indians, including chiefs, women and papoose, left for Buffalo on a special train, consisting of five passenger coaches, one baggage car, one caboose and three cars of horses. The usual lamentations were manifest as the warriors and selected these warriors: Principal, E. G. Schuit, Davenport, second intermediate, Miss Ruth Robbins, Bassett; first intermediate, Lida Alexander, Tamora; primary, Miss Ada M. Shaw, Adams.

Victim of Bottle of Pop.

HUMBOLDT, Neb., April 23.—(Special.)—While Carl Mann was attempting to open a bottle of pop this morning it exploded, blowing fragments in his face and hand and arm. It is thought that none of the injuries will be serious.

Battle Creek Blacksmith Shop.

BATTLE CREEK, Neb., April 23.—(Special.)—John Kavolek's blacksmith shop was partially destroyed by fire last night between 1 and 2 o'clock. The origin of the fire is unknown. The loss was covered by insurance.

Jurors Excused to Work.

ACBURN, Neb., April 23.—(Special.)—District court convened Monday, but the jurors who were farmers were so anxious on account of press of work they were excused until June 17.

Boys Rob Egg Store.

HOOPER, Neb., April 23.—(Special.)—For the last year the Hooper Butter and Egg company has been missing small sums of money from the drawer and last Sun-

BEATRICE CHIEF OF POLICE

J. W. Ashenfelter is Confirmed and Council Grants City's Liquor Licenses.

WOUND COULD NOT HAVE BEEN INFLECTED BY RIFLE IN THE HANDS OF THE MAN HIMSELF—CASE OF "PERUSA UNKNOWN."

YORK, Neb., April 23.—(Special.)—The community was surprised to learn the verdict of the coroner's jury as to the cause of the death of A. G. Linstrom, which was generally supposed to be suicide. The jury was composed of intelligent farmers and neighbors of Linstrom. The more the jurors investigated the less they thought the deceased committed suicide. The statement made that the deceased took a rifle into bed, pulled the quilt over him and in this position shot himself, was regarded as an impossibility, as the bullet went downward instead of upward, and the jury believed he could not have shot himself in the position in bed in which he was found. No powder marks were found in his flesh, as would have been the case if he had shot himself in bed underneath the covers. There was considerable doubt in the minds of the jurors and they brought in the following verdict: "That A. G. Linstrom came to his death from the shot from a thirty-two caliber rifle fired by a party unknown to this jury."

Dr. Moore was called to attend the case and says he found the deceased in bed and was informed that he was in the same position as when he shot himself, except that the rifle had been removed and placed under the bed. A. G. Linstrom was popular, generous and kind. The body was laid to rest today, and a large number of friends attended the obsequies. The community is generally agitated and wonders who committed the deed.

OTHER NOTABLE CURES.

A Husband Escaped the Pangs of Catarrh of the Lungs.

Most Cases of Incipient Consumption are Catarrh.

ternal remedy that will cure catarrh in one location will cure it in any other location. This is why Peruna has become so justly famous in the cure of catarrhal diseases. It cures catarrh wherever located. Its cures remain. Peruna does not palliate; it cures.

Mrs. Frederick Williams, President of the South Side Ladies' Aid Society of Chicago, Ill., writes the following words of praise for Peruna:

"My home is never without Peruna. For I have found during the past six years that there is no remedy that will at once alleviate suffering and actually cure, as Peruna does. Four bottles completely cured me of catarrh of the head of several years' standing, and if my husband feels badly, or either of us catch cold, we at once take Peruna, and in a few days we are through the sickness and out of the system."—Mrs. Frederick Williams.

Mrs. W. A. Allison, of 705 Sheffield avenue, Chicago, Ill., is the Assistant Matron of the People's Hospital, 273 Gayles avenue, Chicago, Ill. She has the following to say about Peruna:

"I have had frequent opportunities to observe the wonderful curative effects of Peruna especially on persons suffering with a congested condition of the head, lungs, and stomach, generally called catarrh. It alleviates pain and soreness, increases the appetite and so tones up the entire system that the patient quickly regains strength and health."—Mrs. W. A. Allison.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

WEATHER CROP BULLETIN

Killing Frosts in Nebraska, but Vegetation So Backward Little Harm is Done.

United States Department of Agriculture, Nebraska section, climate and crop service. The weather bureau, weekly crop bulletin for the week ending April 23: The last week has been cold, with about the average of the season. The temperature has averaged from 5 degrees below the normal. Killing frosts occurred on the 17th and 18th, with temperatures below 30 degrees. Vegetation is so backward, however, that no damage resulted from the low temperatures.

Rain was general on the 15th or 16th. The amount exceeded one-half inch at most places, and at a few places exceeded an inch. Although wet weather has retarded farm work in the state, generally, considerable progress has been made during the last week. Spring wheat seeding is well advanced and some spring wheat is up—coming evenly and nicely. Oat seeding has been general the last week and is nearly completed in southern counties. Early-sown oats are coming up nicely. Present indications are for a small acreage of oats, caused by the late spring and wet weather at seeding time.

Very little plowing has been done, but the ground in the west was in excellent condition for plowing and seeding. Winter wheat, rye and grass have grown well, but somewhat slowly because of the low temperatures in southern counties. Section Director, Lincoln, Neb.

HOTEL PARTNER ACQUITTED

Unsustained Charge of Converting Revenue from the House to His Own Use.

ATLANTIC, Ia., April 23.—(Special Telegram.)—Henry Burkhardt, one of the owners of the Windsor hotel, was arrested in Des Moines and brought back to Atlantic by Sheriff Hill today, charged with larceny, perpetrated by the hotel. Mr. Burkhardt, who was the resident partner in the business, was charged with having used the firm's money for personal use, allowing the bills to go unpaid until they reached \$800, when Mr. Kratzer brought affairs to a focus by causing his partner's arrest. Burkhardt was brought before a justice today and dismissed, as not sufficient evidence was found. Mr. Kratzer will continue the management of the hotel alone.

IOWA CAPITALIST DIES

Artemus Lamb of Clinton Succumbs to Injuries Received in Railroad Wreck.

CLINTON, Ia., April 23.—(Special Telegram.)—Artemus Lamb, lumberman and capitalist of this city, died at Coronado Beach, Cal., today, where he has been ill for many weeks as a result of injuries received in a wreck on the Union Pacific near Rock Springs, Wyo., last winter. The wounds did not heal. Finally heart trouble set in, resulting in death. Lamb was at the head of the firm of C. Lamb & Sons, lumbermen, also president of the Iowa Packing company and president of the People's Trust and Savings bank. He came here in 1856 and became a member of the firm of C. Lamb & Sons in 1865. He was 61 years old.

Women's Board of Missions.

DAVENPORT, Ia., April 23.—Delegates are assembling here for the thirtieth annual meeting of the Women's Board of Missions for the Northwest, which includes active supporters of the Presbyterian foreign missionary work from Illinois, Iowa, Indiana, Nebraska, South Dakota, Wisconsin, Michigan, Minnesota and Montana. Miss Carolina B. Sharp of Chicago led the opening devotional services this evening.

Transfer of Bank Interest.

ALVORD, Ia., April 23.—(Special.)—C. S. Bennett has sold his fourth interest in the Alvord bank to G. C. Manwaring of Rock Rapids, who succeeds him as cashier. He goes to Sioux City, May 1, to assume the duties of assistant cashier of the new People's Savings bank, which opens on that date.

Takes Cathartic Acid for Peppermint.

CRESTON, Ia., April 23.—(Special.)—Henry Bull took a spoonful of cathartic acid last night mistaking it for peppermint. The error was discovered and a doctor called in time.

Forecast-Maker Promises No Change in Next Twenty-Four Hours.

WASHINGTON, April 23.—Forecast: For Nebraska—Fair Wednesday; Thursday cooler and partly cloudy; possibly showers in western portion; variable winds. For Iowa—Fair Wednesday; warmer in eastern and central portions; Thursday fair, probably cooler in northern portion; east to south winds. For South Dakota—Fair Wednesday; Thursday cooler, possibly showers; south to west winds. For North Dakota—Fair Wednesday; after in northwest portion; Thursday cooler, possibly showers; south to west winds. For Kansas—Fair Wednesday and Thursday; probably cooler Thursday; south to west winds. For Colorado—Partly cloudy Wednesday; Thursday fair; probably colder in eastern portion; variable winds. For Wyoming—Partly cloudy Wednesday; cooler in western portion; Thursday fair; cooler in eastern portion; variable winds.

BELIEVES IT WAS MURDER

Coroner's Jury Fails to Find Suicide Indications at York.

WOUND COULD NOT HAVE BEEN INFLECTED BY RIFLE IN THE HANDS OF THE MAN HIMSELF—CASE OF "PERUSA UNKNOWN."

HYMENEAAL.

Rockefeller-Stillman.

NEW YORK, April 23.—Isabel Goodrich Stillman, daughter of James Stillman, and Percy A. Rockefeller, son of Mr. and Mrs. William Rockefeller, were married at St. Bartholomew's church today. The wedding was followed by a reception at the Stillman home. The church was handsomely decorated with flowers and ferns.

The bride was given away by her father and attended at the altar by Miss Ethel C. Rockefeller, as maid of honor, and Miss Edith Gray, Miss Ethel Whitney, Miss Alice Strang and Miss Daisy Greer, as bridesmaids. William G. Rockefeller attended his brother as best man. Rev. Dr. David Greer, rector of the church, performed the marriage ceremony. The newly wedded couple will probably make a short American tour and later go to England.

Chicago Girl and Englishman.

LONDON, April 23.—Malcolm Moncreiffe, brother of Sir Robert Moncreiffe and of the duchess of Athol and the countess of Dudley, and Miss Amy Moorehead Walker of Chicago, daughter of the late S. J. Walker of Frankfort, Ky., were married at St. Paul's church, Knightsbridge, today. A reception was afterward held at Carter's hotel in Albemarle street. Both functions were largely attended.

Kamrath-Maurer.

MADISON, Neb., April 23.—(Special.)—Miss Caroline Maurer and Herman Kamrath were married at the German Lutheran church today at 10 o'clock by Rev. Denlinger.
